Submission: Objection

Comments: I strongly object to this planning application. My elderly father lives in the village of Caverswall and I enjoy taking part in activities run by the Caverswall Creative Hub, which is situated very close to the proposed site. The community owned pub (Auctioneers Arms) and the lady who runs the Creative hub have worked very hard to bring the community together and provide activities that promote positive mental health. They have a spacious outdoor seating area which is perfect for outdoor activities during the Summer and the warm weather, but this will be far from good for anyones mental health if all they can hear is barking dogs.

The community owned pub gets extremely busy in the Summer with lots of families and friends choosing to spend the Summer evenings enjoying the food and drinks that the pub has to offer. This would not only be unsafe if the dog field is passed, but also intolerable due to the noise created by the dogs. This would therefore have a negative impact on the funding being brought into the village.

I am a dog lover who has owned dogs all of my life, but this is not the place to open a dog walking field and the fact that it is self service and unmanned causes me great concern for the welfare of the dogs using the field.

For the reasons stated above I strongly object to the application.
