Submission: Objection

Comments: I object to this change of use as there are horses in the fields next to the land in question and dogs unless on a lead will be able to get through into the horses field. There is also a lot of local wildlife in the area i.e. badgers, foxes, hedgehogs who will loose there local habitat if this field is used for dogs. I am a lover of dogs and own a dog which i walk in the local area. I and my dog on a number on occasions have been attacked (bitten) by dogs which have run out of local fields. If this field is used as a freedom field the dogs maybe supervised but will not be on leads and no one will know if these dogs are prone to attacking other people or other dogs or wildlife. I would also be interested in knowing what insurance the owner of the field will have to allow this activity to take place.
