Submission: Support

Comments: We have recently moved to live next to the track, a big motivator of our decision to buy a house in Leek was the proximity of Killer Hill's natural open green space within walking distance for the children and we are so disappointed that we can no longer use it.

I've used it for the majority of my life, since the 1990s, so had no idea it would at risk of being purchased by a new landowner and blocked off to public use. We have so few areas to give children an open natural space to explore in walking distance of our Westwood housing estate, it would be such a shame to lose this one.
