Submission: Support

Comments: I grew up in this area, I also live in the area now. For years I and friends have used this land and hope to continue to do so!

This land has been used by the public for decades and I support turning it into a village green! It will enrich the community and continue to support the local residents wellbeing. Turning the land into a more industrial/intensively farmed arena would be detrimental to both the community and the physical infrastructure of the Westwood and wall bridge estate.
