Comments: There is a lovely view at the top, and this is wasted on cows. Generations of Leek children have used it for sledging and rolling around on the slopes, as did my own before it was suddenly blocked off. Every time we walk past along the track, my young daughter asks why there is naughty barbed wire and warning signs stopping her from playing there ever again. Those who say there are plenty of other places to go instead, miss the point. There is a huge benefit to people not having to journey in the car, to get access nature or a peaceful beauty spot. And, if we don't protect this one, then the next one, then the next one, one day they will all be gone.
