Submission: Objection

Comments: I Object to Planning permission been granted for the following reasons

2 large shipping containers on the frontage of the site will be unsightly

additional vehicles entering and leaving the site throughout the day and evening, there is already a existing substantial amount of traffic and parking on the road side with the Scout Hut next door that could lead to an increased danger to road users and pedestrians

Can the owners of the site give a 100 % guarantee that no dog will ever escape the site my concern here is the due the location of the site that a joins the scout hut that is used daily by children aged 5 yrs upwards and adults, will they be safe from a dog that escapes ,we constantly read and hear of attacks and deaths from family dogs even in the family home . Do we need this risk bringing to us ... i say NO just 1 incident will be too many

The smell and danger of dog waste left unattended as this sit will be unmanned and not supervised.

The amount of additional noise from barking dog and disturbing the neighbouring properties and horses in field next to the site

Is this application just a stepping stone to allow change of use from a Green Field site (Green Belt)to a commercial site .. once this happens it will be gone for ever as structures housing etc will eventually appear .

This will not be a safely managed site that will left unattended and unmanaged so therefore should not be Allowed
