Submission: Objection

Comments: I OBJECT TO THIS APPLICATION! My Daughters father lives at New House Farm and her grandparents live opposite at Luzlow Farm. There is not enough research in to health risks in the future yet after living next to one of these. This is going to destroy the habitats of so much wildlife as I myself used to live at New House Farm two years ago, I am aware of all the wildlife. The houses in this area are too close to this proposed site with the risk of fires and explosions. Any animals that come into contact with the proposed site are at risk of death. I ask yourselves; would you yourself or would you like your children to live within metres of one of these?
