Submission: Objection

Comments: I wish to object to this application on the grounds that the extensions will have a detrimental effect on the openness of the greenbelt. It also appears that work is well underway in that all the render has already been removed from the buildings prior to the application being approved. There is also a caravan on site which also affects the openness of the greenbelt and has not being given prior approval.

There is also a extremely large bonfire in continual use burning waste wood which could be otherwise disposed of without causing nuisance.
