Ash Bank Road  
Werrington  
stoke on Trent

**Submission: Objection**

Comments: this application should not be considered as it does not meet the legal standard ie an application must be made within 12 months of the access being protested/stopped. the application made on the 23 feb 2023 states that access was stopped on the 1st April 2022. this statement is untrue the applicant is well aware that a lady resident was stopped from accessing the land in may 2021. She complained to the council and met with a district councillor and county councillor in may 2021 to see what they could do about the access being stopped . the district councillor posted this on social media in may 2021 . He reposted this when the applicant was rallying support on social media on the 6th April 2022 the applicant thanked him acknowledging the post . the second time the applicant was made aware of the first date access was denied by the current landowner was at the public meeting on 13th may 2022 when the district and county councillor once again repeated the ladies complaint stating once again the date was may 2021. the councillors concerned are aware that this application contains legally stated dates that are not true but have chosen to say nothing and even support the application . All the factual evidence of the above has been sent to the director of corporate services and the two councillors reported to the relevant authorities. remains to be seen what will happen to the applicant. it just shows how low some people stoop to try and get their own way its shameful .
