Submission: Objection

Comments: I strongly object this planning application.

This application being connected to the proposed solar farm application, along with other associated applications should not be considered in isolation. I hold the same significant concerns and objections regarding:

- the loss of GREEN BELT land
- the loss of farmland
- destruction of natural beauty/habitats & impact upon wildlife
- the impact upon the mental health of local residents
- noise pollution
- fire/toxic risks
- access/to and from the site & the associated risks of this
