Comments: Please refer to comments made by Mr Orme on SMD/2015/0310, the letter is no longer available online, but you should find it in your archives. Mr Orme raised concerns relating to flooding of the culvert and insufficient drainage of the area. In addition it should be noted that there is no mains water supplied to the location of Old Mill Lane, therefore consideration should be made in relation to other occupants of the vicinity and the significant disruption installing water mains on the single track carageway may cause.
