Submission: Objection

Comments: A disgrace to think of ruining this greenbelt, Virgin land. The country is crying out and banging on the climate drum and still this government does not listen. If we destroy natural Virgin land in greenbelt (to be used in exceptional circumstances only) then this land will never be the same again. The loss of wildlife, habitats and beautiful green spaces so needed for our mental health will be detrimental to all. The planning proposed is quite significant and a drastic change that should only be considered on brownfield sites, not in an area where nothing like this exists already.
