Comments: My son may have only just started swimming lessons at the leisure centre, but he seems to be loving it, and I love to sit and watch him enjoying himself. If the renovations were to go ahead as per the plans, it would be a real shame to see the pool-side spectator area removed and to be forced to watch from behind glass (like monkeys at the zoo) in the inadequate seating area/cafe. Not only would this kill the atmosphere for the users of the pool facilities, but also the spectators, and like others with young children have commented, it is comforting for them to know that their parents are watching close by.

I sincerely hope that the councillors and developers of the project consider the comments raised, before ploughing ahead and handing over yet another public project full of shortcomings and with poor value for taxpayers money.
