Email:

Submission: Objection

Comments: Access/exit to the proposal off the main road, increasing the volume of traffic to an already very busy road which has insufficient measures in place to make road users adhere to the required speed limit. The location of the access to the new dwellings and the close proximity to that of the junction with Dilhorne road and a bend. No need for more new developments in Cheadle when current/ recently built properties are still vacant. Continuous development in the area with lack of additional doctors, dentists etc adding to current waiting times for appointments - infrastructure can not support more dwellings.
