Submission: Objection

Comments: The road infrastructure on the Mill House Drive estate does not support the extra traffic and parking that the proposed children`s home would bring. There is only one entrance and exit on to the estate. The proposed site is in a small cul-de-sac with no pavement and the parking of cars is very tight around there already without the additional cars the home would bring so therefore the staff/support visiting care staff would have to park else where on the estate.The proposed parking in Millers View is optimistic very short sighted and will not work.The Bungalow that was built had 2 parking spaces allocated but on the new application its stating 4.There is a covenant put in place about running a business on the estate because the estate could'nt support it.I am deeply concerned about the affect this will have on our lovely quiet estate.
