Submission: Objection

Comments: I object to above planning application. The issue being the increase in traffic. With only one entrance on and off the estate, both noise and pollution will be increased for all residents. Parking is also a major issue with inadequate parking space on site of the house. This will increase street parking that's very limited with the property on a small road in a cul-de-sac. This will result in vehicles been parked anywhere on the estate contributing to both congestion and safety concerns. Both service and delivery vehicles will also add to the problem further.

Neil Hancock
