Submission: Neither

Comments: I think that the access to the main road from this development is dangerous. Vehicles accelerate on leaving the town in the direction of Blythe Bridge and this is evident at this point. The road goes downhill and approaches a blind bend. Already, access/exit to Major's Barn just further on is very difficult/dangerous and there have been accidents here. There is no pavement on the south side of the road on this bend and the pavement on the north side is narrow. There is no pedestrian crossing for children who would need to use the main road to go to school. The development could generate 16-20+ more cars going onto the main road. Finally, this road could well become busier when the new Aldi store is opened, thus adding to the existing traffic problem.
