Objections to the proposal SMD/2024/0241

- no off road parking - this is a residential cup-de-sac and the 'parking spaces' do not belong to the residence
- huge disruption to neighbours during staff changes - this is a narrow cul de sac , home to numerous children who will be walking to school at these times . There will be no turning space with additional cars, so they will all be reversing - very dangerous
- suitability of applicant - history of violent crime. I fear for my children growing up in this environment
- this is not a residential dwelling. There is a covenant on the estate which states that it is for residential dwellings only
