Subject: Objection to SMD/2024/0241
Date: 05 July 2024 12:30:52

To whom it may concern

Please take this email as my Objections to the proposal SMD/2024/0241

>

> - No off road parking - this is a residential cup-de-sac and the 'parking spaces' do not belong to the residence. There are also no specific pavements on the estate.

> - Huge disruption to neighbours during staff changes - this is a narrow cul de sac , home to numerous children who will be walking to school at these times . There will be no turning space with additional cars, so they will all be reversing - very dangerous

> - Suitability of applicant - history of violent crime and will not be allowed to enter the residence himself due to his criminal history. I fear for my children growing up in this environment. I believe that the applicant already has multiple of these type of dwellings elsewhere and has since turned them into rehabilitation centres for people who have come out of prison, which is again hugely inappropriate given the amount of children and families that live on the estate.

> - This is not a residential dwelling. There is a covenant on the estate which states that it is for residential dwellings only
