Submission: Objection

Comments: I will only support this application if an alternative access road is made to the premises. In December last year, a lorry visiting the premises collided with our house causing £30000 damage. Two weeks ago, a lorry visiting the premises was six inches away from striking my wife and son as they stood on the pavement outside our house locking the front door. Yesterday morning, a vehicle visiting the premises mounted the pavement on the corner and came less than two I inches away from the house. I will not support any planning applications from this company until either an alternative access road is provided, or the factory relocated.
