Submission: Objection

Comments: If this tower will be visible from the Nature Reserve behind the Recycling Centre, it might spoil the view. Also, it might be disconcerting for residents to find that anyone at the top of the tower may be able to see into bedrooms - invasion of privacy.

This will also like result on an increase in the number of HGVs turning into Nelson Street - in an area totally inappropriate for the HGVs already having to visit the factory. Our house was recently hit by such a vehicle last December, and my wife and son were six inches away from being hit, just two weeks ago. I do not support any proposal which would mean more heavy vehicles having to negotiate these Victorian streets in what is, after all, a residential area.
