Dear Mr Wheeler

TOWN AND COUNTRY PLANNING ACT 1990

PART - Discharge of Condition 16 in relation to application SMD/2023/0197
Totmonslow Farm Draycott Road Totmonslow Upper Tean Staffordshire ST10 4JJ

Thank you for the e-mail correspondence from Chloe (11th June 2024) confirming in response to the correspondence from the County Archaeology Officer (24th April 2024) that a part-discharge of this condition is acceptable to you at this stage.

Condition 16: No development shall take place until: a scheme of archaeological site investigation work has been implemented in full in accordance with the written scheme of archaeological investigation submitted with the application; and post-fieldwork assessment has been completed in accordance with the approved written scheme of archaeological investigation and the provision made for analysis, publication and dissemination of the results and archive deposition has been secured.

Reason: To protect and record archaeological interests.

Based on the County Archaeology Officer's response I am pleased to confirm that the Written Scheme of Archaeological Investigation (WSI) as submitted can be accepted and is hereby agreed in part discharge of condition 16.

Once it is confirmed following further submissions from you that the archaeological works outlined in the WSI have been satisfactorily implemented I would anticipate being able to fully discharge the condition.

Yours sincerely,

X 

Signed by: Ben Haywood
Head of Development Services
