Submission: Objection

Comments: My family and I strongly opposed the planning of a brick dwelling on the land behind/side of the Royal Oak. Plus the removal of our boundary fence. This is due to the ecology of the land including the wild animals. Our smallholding also has rescue animals that are extremely frightened of loud noise. We believe that the building of the dwelling will harm our animals. We also have 3 people living with PTSD within the family. Our daughter, son in law, son, daughter in law also have ADHD. my father also has Alzheimers, so all of this extra building work plus noise would detrimentally harm our mental health. Please put a stop to this
