Submission: Support

Comments: Our land runs along side Holly House farm and I agree with this planning application as it will improve the look and tidy up the whole corner of this land. The buildings that are to be converted are already there, so there is no real expansion. As a neighbour, I have been around Holly house often and in my opinion it could provide many improvement opportunities.

One improvement that I think will benefit the existing farm, the proposed layout and myself would be to change the route of our right of access through this land. At present it was drawn up over 100 years ago and it goes straight through the middle of the court yard, and I would suggest taking this opportunity to maybe look for a better route around the outside of the new build. To sum up, I agree to this proposal. Thanks
