Submission: Objection

Comments: I am writing to urge you to reject this application. I hope you will consider the application responsibly. Your overriding concern must be for the welfare of local people and the natural world in which we flourish. This mast is not in keeping with the beauty of this historical village and is an inappropriate site for a mast and is out of proportion with the surrounding area. I am concerned for the wellbeing the residents and the children in the 3 schools within close proximity to the proposed site, it is known that radiation exposure levels within 500m of a mast increases the risk of neurological symptoms, headaches and loss of memory and learning capabilities, especially in children.

(https://www.researchgate.net/publication/337624982_Limiting_liability_with_positioning_to_minimize_negative_health_effects_of_cellular_phone_towers)

There is also evidence in the Kostoff 2020 paper (<https://www.sciencedirect.com/science/article/abs/pii/S037842742030028X>) and <https://ehtrust.org/science/> that the emissions from masts are a pollutant which cause adverse health effects, beyond the effects which are recognised in the UK.

Kind regards Francesca
