Submission: Objection

Comments: Hi there, please forgive me if this isn't exactly correct as I've never objected to planning before.

I live on Uttoxeter Road in front of this property. I can see the property directly from the back of my house.

My main concern (effects on individual buildings) is that these flats will be overlooking directly into mine and my neighbours gardens. My second concern (Highway safety issues) is parking. They currently have a car park which they do not charge for, however if this changes to residents only this will have a knock on effect. The parking is already really difficult as there is not enough road and car park spaces for the amount of cars on this road.
