The Beeches
Rownall road
Wetley Rocks
Stoke On Trent
Staffordshire
St90bp

Submission: Objection

Comments: Our objection to this planning application is the potential impact on the surrounding environment and wildlife. The construction of solar and battery farms on green belt land can disrupt natural habitats and disturb the balance of local ecosystems. This could have long-lasting consequences for the plants and animals that call this area home. Additionally, the development will also have a negative impact on the visual landscape of the area, detracting from its natural beauty and potentially affecting nearby property values.

Mrs V Grayson
