Submission: Objection

Comments: I object to the Planning Application for the 20m high mast on the grass verge at The Village on the following grounds:

Endon is a conservation area which was given sometime ago due to its historical value to the area.

Accordingly ,it is rather incongruous that this application is being sought for a most unsightly and inappropriate installation only a few hundred metres from a conservation area.

It is a residential area and whilst we do not wish to hinder improvements to the infrastructure,there are several alternative locations for the installation nearby in fields or in a layby.

The proposed location is wholly inappropriate.
