Submission: Objection
Comments: Dear Sir/Madam

I strongly object to the proposal of this development. Not only will this proposal be out of place in the surroundings but the car park is already very busy for the shop and there is already a traffic bottleneck in the area especially onto Uttoxeter Road and at school times due to the two schools which are in the immediate proximity. There would be an increase to the traffic in the area. The building would also block natural light into the gardens and property for myself and my neighbours. We already struggle to receive enough natural light due to the other buildings in the area and this proposal is to build a much higher building than already existing locally.

Many Thanks

K Williams
