Subject: Objection to SMD/2024/0259 by G Singh
Date: 10 September 2024 18:46:39

Dear SMDC,

With apologies, as I have been away since your letter arrived, I hope late submission will not invalidate this objection from one of the nearest residents to this inappropriate development.

Given the fact that the existing building can be seen from inside the ground floor of my property (as evidenced by photographs submitted in support of my objection to previous proposals) - despite me raising the height of the rear fence of my property from approximately 7ft to 9ft - I do not need to examine plans to know that any first floor accomodation will overlook my property - and therefore infringe my right to a private life - in contravention of the ICHR.

I therefore urge you to recommend refusal.

Regards,

Martin C. Lack
