Comments: We would like to comment on this planning proposal as we walk our dog past this address daily and have seen the progression of the hard work and thought that has turned what was a useless plot of waterlogged grass that we assumed was owned by the council and were surprised to learn it belonged to number 13 ! The parking bay looks fantastic with the mix of wood and concrete makes it look very subtle and the patio will look lovely and makes fantastic use of what was a tired useless plot of land and in our eyes a fantastic addition to the street .
