Discharge of Conditions

Please provide a full description and/or list of the materials/details that are being submitted for approval

3. Prior to any works above slab level details of all external materials, including facing bricks and roof tile shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved materials.
5. Prior to the first occupation or use of the development hereby approved: A scheme for the hard and soft landscaping of the site, including boundary treatment, shall be submitted to and approved in writing by the local planning authority and shall indicate, as appropriate, the types and numbers of trees and shrubs, their distribution on site, those areas to be seeded, turfed, paved or hard landscaped, including details of any changes of level or landform and the types and specifications of all fencing/boundary materials.
- The approved soft landscaping scheme shall be implemented in the first planting season following occupation or use of the development unless otherwise required by the reports above, whether in whole or part and shall be maintained thereafter for a period of not less than 10 years to the satisfaction of the Local Planning Authority. This maintenance shall include the replacement of any tree or shrub which is removed, or dies, or is seriously damaged, or becomes seriously diseased, by a species of similar size to those originally planted.
- The hard landscaping and boundary treatment shall be implemented in accordance with the approved details prior to the first occupation of the development and retained thereafter at all times.
10. The development hereby permitted shall not take place until a Construction and Environmental Method Statement has been submitted to and approved in writing by the Local Planning Authority.
11. Development should not commence until details of a gas protection scheme has been submitted and agreed in writing with the Local Planning Authority. The ground gas protection scheme should be sufficient to address a Characteristic 2 situation as defined in: CIRIA C665 (2007) "Assessing Risks Posed by Hazardous Ground Gases to Buildings"
14. No artificial lighting shall be installed on the development hereby approved until details of location, number and luminance levels are submitted to and approved in writing by the Local Planning Authority. Thereafter the development shall proceed in accordance with the approved details.
