Dear Jane,

Thank you for consulting with Staffordshire County Council's Historic Environment Team with regards to the above discharge of condition application. I have reviewed the submitted Written Scheme of Investigation (WSI) and I am satisfied that what is proposed is in line with our requirements and the relevant industry standard and guidance. As such, I am happy to recommend that Condition 11 of SMD/2022/0444 can be partially discharged insofar as it relates to the WSI, meaning that the elements of the condition relating to fieldwork, reporting, and archiving will remain outstanding.

Please let me know if you have any questions or queries.

Best wishes,

Shane
