Categories:

I live at The Bungalow, Ostlers Lane which is a brick built bungalow (built 2018) next door to Meadow View. I understand that the proposed outbuilding will be of traditional brick and if this is built sympathetically I do not feel that it would detract from the stone house which was a former farm with outbuildings (and is opposite a collection of barns) especially as it would be sited at the furthest corner from the lane. From a personal point of view the garden at Meadow View is lower than mine and I have a laurel hedge along that boundary which means that the proposed outbuilding would not be visible from my property. I therefore have no objection to this planning application.
