

Staffordshire Wildlife Trust has been asked to review the above application as part of a service level agreement with Staffordshire Moorlands District Council to provide ecology advice regarding planning and development management functions.

Following the receipt and review of the documents, we would like to see a Habitat Management and Monitoring Plan (HMMP) for the application, using the Natural England template submitted to show how the site will be managed for 30 years.

Regards

David Cadman MCIEEM

Head of Nature Recovery Networks
