Submission: Objection

Comments: This plan is ridiculous. A massive battery farm right on the border of Wetley Moor common and in the close vicinity of many residential properties. Nobody would want this monstrosity near their property and I feel extremely sorry for the residents that this would affect. There are plenty of brownfield sites in and around the city that could be used instead of our beautiful and diverse countryside, away from properties. The fire and noise risk these farms pose is unacceptable and this will surely cause heavy traffic, in narrow country lanes, whilst these farms are installed. This is going to completely ruin the landscape and natural beauty of the area, down value the properties affected, and decimate the local wildlife. This application is a disgrace and shouldn't be allowed to go ahead!
