Submission: Objection

Comments: We directly join bobbys ice cream and now find the venture no problem to live with since the bouncy castles and pop up stalls have been refused, this has dramatically reduced the noise the 28 days of conditions lifted cannot be monitored by the Council and if the conditions of this area are lifted this means that our view from our farmhouse will be blighted with bouncy castles and other stalls. The conditions were implemented by the Council originally to protect the visual impact of the area so can you explain what has changed. The field has been used all year for parking with no involvement from smdc these conditions to be lifted are very unfair to nearby properties
