RE: Planning application ref:
SMD-2024-0417

Dear Sir/Madam.

I am in support of the Plan's for an
Agricultural building at the above address.
for the following reasons why.

1. The housing of farm Machinery/Implements
Promotes a tidiness in any farming
environment.
2. With thefts of Farm Machinery/Implements
on the increase in the local area, a
secure building is a strong deterrent
for any Potential Thief.

I believe the approval of this building
would be the correct decision, and would
fit into the local area without any
Problem. Please give it approval.

Kind regards

KEVIN CHADWICK,
