Dear Sir/Madam

Reference application number SMD/2024/0481

Having viewed the planning application we strongly object.

The material is poorly matched and design is out of scale and character with the area ,it is an eyesore and devaluing our property.

The hedge that surrounds our property has been cut back without consultation or permission to do so.

Both front and back lawns have been removed which raises concerns regarding the drainage situated of surrounding properties and risk of flooding.

Regards
Miss M L Poultney and Mr C Speed
