Comments: As a local resident and regular user of Dairy House Lane to access Tollgate Road, I am familiar with the property and access. I have personally witnessed a near miss while a vehicle was maneuvering into the property and given the proximity of the current access, which is very close to a blind bend on a steep bank on Dairy House Lane, I am surprised that I have not witnessed more incidents. I believe that moving the access would improve the visibility for all and prevent that blocking of the junction while vehicles are maneuvering attempting to access the property. This would in turn make the access much safer for all road users. I support this application.
