Submission: Objection

Comments: This is an environmental health issue. I don't think it's right to build in greenbelt. I do not want to live near this. This will have a huge impact on my home valuation. This will have an effect of our wildlife. I whole heartedly DO NOT agree with this. It not right to remove a beautiful countryside for this hideous battery solar farm. Just so rich people can make money at the expense of our beautiful village and countryside. They wouldn't have it near there homes!
