Submission: Objection

Comments: I object to this planning application as the site is on green belt land and across the road from the unique wetley moor common. The site would be susceptible to high winds as it sits almost at the top of a valley which is open to the west Strong wind gusts from across the valley could turn over a touring caravan . Access is poor as when exiting the site there is a blind spot to the left which proves a hazard for vehicles coming down the lane as it's a 60mph national speed limit road.
