Submission: Neither

Comments: Comment- having read the full proposal of application it is for one unit which will be solely used for the rest bite of two family members, to be looked after by the family, no where does it say a traveling community of touring caravans, it's a family home, the access is not on a blind bend it's on a straight part of the lane, there are far more properties that are situated on bends and have blind spots up the lane, and in the 40 years our family owned it there was never an accident on that stretch of lane, yes water runs off the common down the road but it has for the last 40 years and therefore should be rectified by the council,
