Planning Department
Staffordshire Moorlands District Council

Dear Sir/Madam

I would like to remain anonymous due to the nature of this application

I strongly object to Planning Application [SMD/2024/0486]

I am writing to object to the application for the gypsy/ traveller site for the following reasons.

This application does not align with planning policy SS10 of the Staffordshire Moorlands local plan and the NPPF

The lack of amenities for a residential development

This development is contrary to the Staffordshire Moorlands Local Plan, policies SS1, SD2, DC3 and the NPPF

The site is remote with no easy access by foot or cycle to shops, schools and health facilities. The roads leading to the site are single track country lanes with no pavements and are therefore dangerous for pedestrians.

The entrance to the site has very poor visibility due to being off a shared drive and entering a road with a national speed limit

There is also the question of the environmental considerations, impact studies and the biodiversity net gain which have not been adhered too

There have been several applications for the surrounding area for building to be erected which have been rightfully refused, If this is passed, will this set a precedent in the Staffordshire Moorlands for anyone with a small field to be able to destroy a field, hard landscape the area and site a caravan?
