Subject: SMD/2024/0400 - Objection
Date: 24 November 2024 17:24:38

We would like to raise our objection to the planning application:

SMD/2024/0400

Playing Fields Holt Lane

Kingsley

Our details

Mr and Mrs Gadd

12 Haste Hill Avenue

Kingsley

St10 2BB

There has already been bungalows developed, which had previously been objected. This development has already caused flooding to the roads and our back gardens because of poor drainage, further development is going to cause severe flooding to an area that is already suffering.

You want to build on the Staffordshire Way, which is home to our wildlife, bats, owls, birds or prey and many more animals meaning the wildlife will lose their natural habitat. The Staffordshire Way is very popular with walkers and is a safe place for dogs to walk, why should this be lost to more buildings, when there is already an application for over 200 houses to be built in Cheadle, again ruining our countryside and wildlife.

You mentioned that there are local amenities, there is one village shop which is not adequate enough for the village already, let alone more houses, buses are not regular and you can not walk into the Cheadle where the majority of shops are. Therefore more cars will be needed that will further clog up already congested roads in this village.

This is our objections to the proposed planning.

Mr and Mrs Gadd
