Submission: Objection

Comments: The application states that the current approved application is not deliverable and lists major

changes. The application also does not include changes that are required for the site to comply with fire & rescue
criteria.

This is NOT an Non Material Amendment, frankly anyone reading the letter from supplied AMERESCO LIMITED can
clearly see the extent that they are trying to seek to get this major set of changes in under the guise of a Non
Material Amendment.

I object to this application.
