- ☒ Interested Party/Person Correspondence
- ☐ Other

YOUR COMMENTS ON THE CASE

I totally disagree with this development, Froghall rd is already a busy road and used as a racing road from Kingsley holt to Cheadle. Froghall Rd also meets Leek rd. it is already causes traffic issues with large volumes of traffic going down into Cheadle from JCB, parents getting to Schools, Alton Towers traffic. Froghall road is narrow and twisting in places making the road hazardous The infrastructure or road laid out does not support further housing development. They haven't finished the Permision one yet already new housing off Froghall. This development has already had problems with housing being built too close to existing long standing houses, compromising security and privacy. No people of Cheadle support this development as there already been development off Froghall.
