Submission: Objection

Comments: The reason i have objected to this planning Application is firstly the fence has already been erected and I thought you needed planning before erection, secondly and most important is when driving a vehicle out of Haven Crescent onto Moss Park Avenue you cannot see around the bend to your right and I have nearly been hit 3 or 4 times, luckily for me at that time the car was doing the correct speed and stopped in time which is not always the case, also if you have the van parked directly adjacent to Haven Crescent when you pull out and a car coming from the right you are in direct line for a collision as you can not get onto the left hand side of the road. You can see the old fence on google earth which shows how much more visible the junction is with the original fence line.
