Submission: Objection

Comments: I am writing to strongly object to this appeal. I find the sheer scale of it mind-blowing, that anyone would think this is acceptable in such a small village and on greenbelt land. The landscape, wildlife, and natural beauty of the area are one of the main reasons I have lived here for so long. The disruption from the building of these sites, the devastation to wildlife, and the impact on housing values, noise, and vibration from the batteries, fire risk with it being so close to schools and properties, and years of chaos within the village from building works affecting local businesses, are my reasons for objecting to this planning appeal.
