Submission: Objection

Comments: I object to the planning application,

it will cause damage to the green belt,-visual in pact to the country side, the size is not in keeping with the area,
damage to wild life,increased traffic,

The noise and disruption for the local area, god forbid the planning if it is accepted would be horrendous,

above all Are battery storage facilities safe !!

The list is endless,

No matter how many people object, unfortunately local public opinions are not taken in to consideration???

It should be taken as priority and not signed off by a bureaucrat who's not local .
